

DEAKIN UNIVERSITY

FACULTY OF BUSINESS AND LAW

MIS 775 - Decision Modelling for Business Analytics
End of Unit Assessment, Exam, Trimester 1, 2025

DUE DATE AND TIME:

The start date and time will be as per the University Exam T1 2025 Exam timetable available via [StudentConnect](#).

PERCENTAGE OF FINAL GRADE: 50%

HURDLE DETAILS: Achieve at least 50% of the marks available on the end-of-unit assessment

EXAM TIME LIMIT: 2 hours and 30 minutes

Instructions for candidates:

- You will **have 2 hours and 30 minutes** to complete and submit your end-of-unit assessment. The extra 30 minutes is for reading time (15 minutes) and technical time (covers any minor technical issues you may experience during the assessment process, 15 minutes).
- Late submissions will not be marked.
- You are allowed to access all resources during the assessment, except for contract cheating sites, artificial intelligence content generation sites, resources that undermine the purpose of the assessment, and help from peers or others (unless specified otherwise in the assessment instructions). It is important that you complete this task individually.
- The end of unit assessment task will be released in the CloudDeakin unit site under a dedicated End of Unit Assessment module at the date and time scheduled in the University Exam T1 2025 Exam timetable.
- Please note that the exam carries a total of 100 marks and constitutes 50% of your assessment in this unit.
- This end-of-unit assessment task comprises seven questions. You are required to answer ALL seven questions.
- DO NOT click 'Submit Quiz' until you have completed all questions within this quiz or until the exam period is over.
- Before you submit the exam, if time permits, you will have the opportunity to return to questions that you may have missed or have not yet answered.
- Do not expect to have time to look up resources during the exam, as this will slow you down and may prevent you from responding to all questions
- Remember to save your work regularly. If you encounter any technical issues with CloudDeakin, please contact the IT Service Desk online or via phone (1800 463 888; +61 5227 8888 if calling from outside Australia) and record your ticket number. This evidence is necessary for any Special Consideration application due to technical issues during the end-of-unit assessment period.

Additional Instructions:

- You should provide relevant diagrams (hand-drawn or digitally created) where they enhance clarity and understanding, if applicable.

Procedure for diagram drawing: See the File Uploading Guide to download and view detailed instructions.

- Hand-drawn drawing(s): Use your smartphone to take a clear photo of your hand-drawn drawing(s), save it to your computer, rename the file, and then use the 'Insert Image' function to upload the image.
 - Digitally created drawing(s) – Save the image to your computer, rename the file, and then use the 'Insert Image' function to upload the image.
 - Please make sure that uploaded images show your drawing and any labelling in full and are readable.
 - You will be able to view the image in the answer box when it is successfully uploaded.
- Please be aware that some quiz questions may require you to do some calculations. You can use a calculator or Excel to undertake calculations. Clearly define the variables, write the objective function and relevant constraints in the mathematical model, if applicable.
 - Keeping some paper and pen handy is also advisable for rough work to facilitate your thinking on the exam questions.
 - Please **do not contact the Unit teaching team during the examination period** for any reason. Academic staff are not allowed to communicate with students sitting an exam (this includes both phone calls and emails).

Quiz FAQs

Why can't I access the quiz?

If you are unable to access the quiz and are receiving an error message, it is likely that:

- The quiz is not yet available; or
- The quiz has ended

Please check your assessment instructions to make sure you have the correct time for the quiz and follow the instructions for accessing technical support if required.

When should I save my quiz answers?

All Quizzes will be set up as one question per page; when you move questions, your response will be auto-saved. The icon for the question number should change to indicate that you saved successfully.

I lost my internet connection/the page froze while I was taking a quiz. What do I do?

If your connection is lost or the page freezes during your quiz, exit the quiz and re-enter the quiz. Saved questions answered will remain. Note that if your quiz has a time limit, time will continue to run on the quiz timer. If your time has run out, take a screenshot (with a timestamp) of any error messages that appear and contact the Deakin IT Service Desk for further help.

How do I move from one page to another?

If your quiz has multiple pages, ensure that you click on the Next Page and Previous Page buttons to move between pages.
